### Youth Mission Trip 2017

Our team is leaving for Greenville, SC on Sunday, July 23<sup>rd</sup>. We will return on Friday, July 28<sup>th</sup>. We would love for you to pray for our team as we prepare, travel and serve. You have supported us up to this point and we would love for that support to continue. Our team members are Alexandra, Nate, Rich, and Susan Fellie, Bryston Marsden, Riley Shaw, Jeanyene Szwec, Gavin Wellman, Alyssa and Ethan Williamson. We are praying to have one more team member join us. We will be doing labor intensive home repair while in Greenville through YouthWorks and the residents of Greenville. Our commissioning will be Sunday, July 16<sup>th</sup> at the spirit.fire service. Thanks for your ongoing support!

### Youth Help Needed:

#### Caring Place

Thursday, July 20<sup>th</sup> from 10am-12pm (meal prep) and 4pm-8pm  
(serving at the Lutheran Church – permission slip required)

#### Faith Refreshments: Sunday, July 30<sup>th</sup>

Meet in the kitchen at 10:00am. We set up and host the fellowship time. We will finish in time for worship at 11:00am.

### Ink Cartridge and Cell Phone Recycling Changes...

Due to changes with The Funding Factory programming, we are no longer going to take ink cartridges or cell phones for recycling. The last batch of 6 boxes we had to send them, only two cartridges were able to be taken with their program.

They used to recycle the ones that were not part of their program.

They will not accept them now.

When you have ink cartridges to be recycled, you can drop them off at the Good Will and they will take care of them through their programming.

#### From the UMC Social Principles: The Natural World...Water, Air, Soil, Minerals, Plants

We support and encourage social policies that serve to reduce and control the creation of industrial byproducts and waste; facilitate the safe processing and disposal of toxic and nuclear waste and move toward the elimination of both; encourage reduction of municipal waste; provide for appropriate recycling and disposal of municipal waste; and assist the cleanup of polluted air, water, and soil.
